

Thank You!

Thank you for your consideration in partnering with us for our 21st Annual Trap Shoot. Proceeds from this year's event will be used to purchase an EnVisio Lump Localization System. This state-of-the-art equipment precisely guides surgeons to cancerous tissue during a lumpectomy. Using electromagnetic signals, the system provides real-time 3D guidance, improving accuracy, reducing pain, and potentially leading to

better cosmetic outcomes by preserving more healthy breast tissue.

Thank you for your support!
